A quorum was present. Members are Fred Blevens, Michael Cheng, Grisel Dominguez, Michelle Odai, Kenton Harris, Steven Heine, Deanne Butchey, Jessy Devieux and Susan Himburg.

A motion was made to recommend approval for a new minor in Sacred Music. Motion moved and approved by Undergraduate Council and University Curriculum Committee.

A motion was made to recommend approval for a new track in Education, Policy, and Community. Motion moved and approved by Undergraduate Council and University Curriculum Committee.

A motion was made to table the approval for changing the former College of Arts & Sciences foreign language requirement and default instead to the university requirement. The new College of Arts, Sciences, and Education proposes following the university's foreign language requirement and reducing the upper division credit requirements from 48 to 45. Discussion involved prior conversations between the academic units, the impact of this proposal on the Department of Modern Languages and students. Chair Blevens and Fuller recommended a more thorough discussion should happen at the academic units level and be brought to Undergraduate Council and University Curriculum Committee for approval again by Bulletin 5. Motion moved and approved by Undergraduate Council and University Curriculum Committee.

A motion was made to recommend approval for a new Track in Healthcare in the Masters in Architecture. Discussion involved clarifying the purpose of the program as well as demand. Motion moved and approved by Graduate Council and University Curriculum Committee.

A motion was made to recommend approval for changing the existing Master of Science in Health Informatics and Analytics to fully online. Motion moved and approved by Graduate Council and University Curriculum Committee.

A motion was made to recommend approval for a new Non-Thesis Track in Master's of Science in Biology, pending the submission of the correct forms. Discussion involved insufficient information included with the proposal. Motion moved and approved by Graduate Council and University Curriculum Committee.

A motion was made to recommend approval for a new *Health Economics Track* and new *Population Health Management Track* in the Master's in Public Health Major in Health Policy and Management. Motion moved and approved by Graduate Council and University Curriculum Committee.

A motion was made to recommend approval for a new major in Cognitive Neuroscience in the Master's of Science in Psychology. Motion moved and approved by Graduate Council and University Curriculum Committee.

A motion was made to recommend approval for a new Fully Online Masters of Health Services Administration in the Nicole Wertheim College of Nursing and Health Sciences. Motion moved and approved by Graduate Council and University Curriculum Committee.

A motion was made to recommend approval for a Hospitality Real Estate Development Online and Hospitality Revenue Management Online in the Master's of Science in Hospitality Management. Motion moved and approved by Graduate Council and University Curriculum Committee.

A motion was made to recommend approval for changes to a Graduate Major - MS in Developmental Science, Psychology and PhD in Developmental Science, Psychology. Motion moved and approved by Graduate Council and University Curriculum Committee.
