

Florida International University Faculty Senate Resolution Opposing Firearms on State University System Campuses

Be it resolved that we, the members of the Florida International University Faculty Senate, strongly oppose proposed legislation that would allow open-carry or conceal-carry firearms on university campuses by people other than trained law enforcement officers. We believe that it would be detrimental to the learning environment on campus and would be incompatible with the central mission of our University. We further believe that it will hurt our ability to attract and retain the best faculty and students.
